### GENERAL STRIKE EXPECTED.

Many Kansas Miners Out and More Will Probably Follow Suit.

Pittsburg, Kan., June 12.—Because the Great Western Coal company refuses to treat with the strikers at Fuller, Kan., a strike order was issued by the executive board. Non-union men who tried to go to work were prevented from doing so by an overpowering number of strikers. Blows were struck, but nobody was seriously injured. The company brought in non-union men, but the mines are completely tied up. The conference in progress here between the miners and the mine operators is unable to agree and a general strike is expected.

### NEELY A FREE MAN.

Cuban Postal Frauds Convict Given His Liberty.

Havana, June 12.—C. F. W. Neely, who March 24 was sentenced to ten years imprisonment and to pay a fine of \$56,791 for complicity in the Cuban postal frauds, was released during the day under the bill signed by President Palma, June 9, granting amnesty to all Americans convicted of crimes in Cuba during the terms of the American occupation and those now awaiting trial.

### Pawtucket (R. I.) Under Martial Law.

Pawtucket, R. I., June 12.—This city is under martial law owing to troubles which have arisen over the strike of the conductors and motormen and violence offered. Two troops of cavalry and six infantry companies went on duty during the morning.

## CYCLONE IN ILLINOIS

CENTRAL PART OF THE STATE VISITED BY A TERRIFIC WIND STORM.

DOZEN OF LIVES ARE LOST

Territory Fully Two Hundred Miles Long and a Hundred Miles Wide Devastated—Telegraph and Telephone Wires Down and Property Loss Will Aggregate a Million Dollars—Peoria Twice Stricken.

Bloomington, Ill., June 12.—Stretching across a pathway 100 miles in width and devastating a territory fully 200 miles long, extending from Livingston county on the north to Macoupin county on the south and leaving its mark across the face of Central Illinois, a tornado inflicted property loss which will aggregate a million dollars and cost a dozen lives. The brunt of the storm fell upon McLean and adjoining counties. Lightning was incessant for two hours, but was marked by absence of thunder claps. The wind reached a velocity of a hundred miles an hour and left a trail of destruction and death. The storm was the worst in the history of Central Illinois. An almost complete paralysis of telegraph and telephone lines for twelve hours made it impossible to secure full details of the disaster. It is now known that while the fatalities in McLean county were but three, scores of persons were seriously injured and hundreds of narrow escapes from death were reported. Not a village or city in McLean county escaped and from every district comes the same report of destroyed buildings, injury to growing crops and razed fruit and shade trees. The aggregate loss in McLean county, not including three lives at Merna or thousands upon thousands of shade and fruit trees that were leveled, will be between \$300,000 and \$400,000, by rough estimate.

**Dance Hall Demolished.**  
The heaviest loss in proportion to population fell upon Merna, a village ten miles east of Bloomington, where the town hall, used by a party of 250 for a dance, was destroyed. Three of the women dancers were instantly killed by falling timbers. They were: Mrs. Edward Martin, Miss Lena Gahan and Miss Anna Kelley.  
When the storm struck the building, its swaying warned the party of merry-makers. All made a rush for the exits and a fierce struggle ensued. Three women were left behind and instantly killed by falling timbers. Miss Kelley was being pulled through an open window by Clement Spencer. A moment more and she would have been saved. Spencer was hurt internally and may die. Others seriously injured are Thomas Gahan, cousin of two of the women killed, and John Kelley, a brother of Miss Kelley. Fully fifty others were painfully injured and all were taken to residences and farm houses. Many surgeons from Bloomington were summoned to dress wounds and were kept busy during the entire day.  
At Merna, in addition to the town hall, the Kinsella implement house was leveled and many other structures destroyed. The new Methodist church at Twin Grove was demolished by a huge tree, and the Wesleyan university lost its roof and cupola. Street car service in Bloomington was resumed during the evening, but it will be a week before electric light plants will have their wires up. Buildings at the power house were unroofed and the loss to the municipality will be many thousands of dollars.

**TWO STORMS AT PEORIA.**  
Three Persons Killed and Ten Seriously Injured.  
Peoria, Ill., June 12.—The double storm that struck Peoria at 10 p. m. and again at 2 a. m. was the worst that Central Illinois has experienced since 1843. Rain fell in torrents and the damage caused by the high winds is inestimable at this time. Probably the worst damage in proportion to the size of the town was at Kingston Mines, a small mining town twenty miles below Peoria. There three people were killed outright and ten were injured, three fatally. The dead are: Mrs. Thomas Murray, infant child of Mrs. Murray and Mrs. Robert McElwee. The fatally injured are: Infant child of Mrs. McElwee, Robert McElwee and Thomas Murray.  
George Reardon, an employee of the electric company, was instantly killed while repairing storm damage at Glen Oak Park. He was caught by a live wire and died instantly. George Ashlock, another fireman, was seriously burned in attempting to extricate Reardon from the wire.  
The Peoria and Pekin union roundhouse was blown down shortly after 10 o'clock. In it at that time were eight men and all escaped without serious injury. Thirteen locomotives owned by the Illinois Central, 2 by the Iowa Central, 4 by the Toledo, Peoria and Western and 5 by the Big Four, were almost totally wrecked.  
Shortly after 11 o'clock a report reached the police that the people living in Dry run, on the bluff, were in danger of drowning, as they had been caught by the flood. Rowboats were hauled to the scene at once and the police took twelve people from their homes. They were standing on planks with the water almost to their necks. Within an hour all would have been lost.

All communication with the outside world was destroyed for over twelve hours and it was almost noon before a wire was secured between Peoria and Chicago and St. Louis. All street car service was stopped and the fire alarm system was paralyzed.  
At Morton, in Tazewell county, one man was killed. Edward Beman was caught beneath the falling timbers of Martin Steoler's barn and almost instantly killed. Several horses and a number of cattle were killed near there.

## TERRIBLE MASSACRE.

**Reported That Mexican Troops Killed Indian Men, Women and Children.**  
Tucson, Ariz., June 12.—A prominent Arizona banker, Colonel William Christy, president of the Valley bank of Phoenix, has arrived here from Puetas, Sonora, with details of a massacre of Yaqui Indians, men, women and children, in Santa Rosa canon, 35 miles from the Minas Prietas mines, by a detachment of General Torres' troops.

Colonel Christy says that the massacre occurred at daybreak Monday morning. The troops were of Torres' command, but not under him personally, and numbered 600. The Yaquis, including men, women and children, were over 200. The canon in which the Yaquis were camped, was a long and narrow one. Word was brought to Puetas Sunday night that the main body of the Yaquis had left the Santa Rosa canon and gone further into the mountains, leaving their women and children in the canon with a small guard of men. Torres dispatched 600 troops to block the mouth of the canon and surround the Yaquis. His instructions were to kill all men and boys capable of bearing arms. The Mexicans secreted themselves along the side of the canon, having blocked the entrance. At daylight they poured a terrible and deadly fire on the unsuspecting Yaquis, killing men, women and children indiscriminately.

Many of the killed were mere infants. The slaughter, Mr. Christy says, was fearful, the Mexican troops only stopping their terrible work of shooting and bayoneting their victims when exhausted from their labors.  
The Yaquis say they do not care to fight, that they are peaceably inclined, but are driven to desperation by the Mexicans, and, as a last resort, are taking up arms to protect their rights. The Mexican government appears to be bent on exterminating the Yaqui people, Christy says, and all men and boys falling into their hands are shot.

## VEREENING CONFERENCE.

**Text of the Resolutions Adopted by the Boers Published.**  
Durban, June 12.—Mr. Schalk Burger, the former acting president of the Transvaal, has published the text of the resolution adopted by the Vereeniging conference of Boer delegates May 31. This resolution expresses regret that the conditions imposed by Great Britain must be accepted intact or not at all. It also deprecates Great Britain's refusal to negotiate on the basis of independence or to allow communication between the Boer delegates at Vereeniging and those in Europe. It recites the difficulties of the Boers' condition, the hostility of the natives, the impossibility of retaining the British prisoners in their possession, the destitution of the small fighting remnant of Boers, the general hopelessness of the Boer cause and the absence of justification for a continuance of hostilities. The resolution accepts the conditions imposed and finally expresses satisfaction with the promise of amnesty and the hope that his majesty will extend the amnesty still further.

## JULY 10 THE LIMIT.

**After That Date Cape Rebels Taken Will Be Tried for Treason.**

Cape Town, June 12.—An extraordinary issue of the Official Gazette fixes July 10 as the limit in which Boers or rebels who surrender will receive the benefit of the peace terms. All rebels surrendering before that date will be merely disfranchised for life and will not be subjected to trial or punishment. Exception is made in the case of field cornets and justices of the peace, who may be tried and fined or imprisoned, but they will not be executed. Rebels who hold out after July 10 will be subject to the extreme penalty for high treason.

## DINED WITH CHOATE.

**King Edward and Queen Alexandra Visit American Ambassador.**

London, June 12.—A crowd of several hundred persons, including American sightseers, had gathered outside the house of the United States ambassador, Joseph H. Choate, on Carlton House terrace, when King Edward and Queen Alexandra arrived there to attend the dinner given by Mr. and Mrs. Choate. The front of the embassy was covered with the customary coronation device, a crystal transparency, showing the royal cipher. It was surrounded by the Stars and Stripes. The dinner passed off very pleasantly.

## Favors More Time for Danish Treaty.

Washington, June 12.—The senate committee on foreign relations has decided to recommend to the senate the ratification of the protocol extending for one year the time for the ratification of the Danish treaty for the purchase of the Danish West Indies. This action is made necessary by the failure of the Danish parliament to act on the treaty.

## Foul Play Suspected.

Dubuque, Ia., June 12.—The body of Mathilda Wagner, aged twenty-three, daughter of a farmer at Apple River, Ill., was found in the river here. Indications point to foul play. The girl disappeared from Freeport last Sunday.

## CAUSED A SENSATION

**COMMOTION AMONG SENATORS OVER TESTIMONY BEFORE CUBAN COMMITTEE.**

## FACTIONS WILL CAUCUS

**Conferences Will Be Held by the Beet Sugar Senators and by All the Republican Senators—F. B. Thurber, President of Exporters' Association, Says Money From Cuban Treasury Was Used to Promote Reciprocity.**

Washington, June 12.—The testimony given before the committee on Cuban relations by F. B. Thurber, showing that between \$8,000 and \$9,000 had been paid out of the Cuban treasury under the direction of Governor General Wood for the promotion of the effort to secure reciprocity between the United States and Cuba, caused a sensation in the senate. The news of Mr. Thurber's statement reached the senate chamber about the time that that body convened and when Senator Teller, whose examination had developed the facts, made his appearance on the floor, he was immediately surrounded by senators from both sides of the chamber who professed great anxiety to know all that occurred. Copies of the one voucher produced were eagerly sought and the demand was not satisfied until forty or fifty copies had been typewritten and circulated in the senate chamber.  
Opinions as to the ultimate effect of the testimony are as varied as the predilections and prejudices of the senate, but the immediate results are seen in the decision reached during the afternoon to have two caucuses in the early future. The first of these will be held by the beet sugar Republican senators and the second by all the Republican senators. Senator Burrows is responsible for the statement that the beet sugar men will meet, and Senator Aldrich for the announcement that there would be a general conference before the close of the week.

## AID FROM SUGAR TRUST.

**Combine Assists Financially in Fight for Cuban Reciprocity.**

Washington, June 12.—F. B. Thurber, president of the Exporters' association, the witness that has been wanted by the committee on Cuban relations, was before the committee during the day. Senator Teller produced a copy of a voucher for \$2,880, showing that that sum had been paid by the military government of Cuba, by authority of Governor Wood, to the United States Export association of which Thurber is president. Thurber acknowledged that he had received the amount and said it was one of three payments he had received from the same source. The receipt was dated April 2, 1902, and states that it was for "advocating a reduction in the duties on Cuban products with a reciprocal reduction of United States products going into Cuba." The witness said he thought \$20,000 worth of literature has been circulated. He said he had received a contribution of \$2,500 from Mr. Havemeyer of the American Sugar Refining company when he solicited that gentleman for a subscription.  
In response to questions from Senator Teller Mr. Thurber said he had been active in the efforts to secure a reciprocal arrangement with Cuba. He had come to Washington, originally at the instance of the Export association and also of the Cubans who were favoring reciprocity. He was not, he said, under salary for the Export association but he admitted that he received a percentage of the fees for member-

ship in the association influenced by himself. The witness said he had circulated a large number of circulars in the interest of a reduction of the duty on Cuban sugar and he submitted specimens of some of them.

## VOTE ON CANAL BILL.

**Senate Fixes Thursday, June 19, for Final Action.**

Washington, June 12.—Just before adjournment the senate agreed to vote finally on the Nicaragua canal bill and all pending amendments on Thursday, June 19, the voting to begin at 2 p. m.  
Before consideration of the canal question was renewed the motion of Mr. Wellington of Maryland to discharge the committee on privileges and elections from further consideration of the resolution providing for the submission of an amendment to the Constitution for the election of senators by the people was defeated, 21 to 35, after a sharp debate.  
Mr. Fairbanks of Indiana, in a carefully considered speech, favored the construction of the isthmian canal by the Panama route. Originally, he said, he had favored the Nicaragua route, but an investigation of the subject, coupled with the determination of the isthmian commission, had induced him to change his mind in favor of the Panama route. He argued that that route not only would be cheaper in the first instance, but cheaper in operation after the canal was constructed. He earnestly favored the construction of the canal and resented the intimation that those who favored the Panama route were in the least opposed to the canal.

## KILLS PACIFIC CABLE BILL.

**House Votes to Strike Out Enacting Clause of the Measure.**

Washington, June 12.—The house dispatched the Corliss Pacific cable bill by the same method it adopted in the case of the forest reserve bill. It struck out the enacting clause of the measure by a vote of 116 to 77, thus giving no opportunity to test the strength of the Dalglish substitute, which authorized the president to contract with a private company for the laying of the cable. The speakers were Messrs. Shackelford (Mo.), Mann (Ill.), Morrell (Pa.) and Tompkins (O.) for the bill, and Messrs. Richardson (Ala.), Newlands (Nev.), Loud (Cal.) and Cannon (Ill.) against it.

## BECAME SUDDENLY DERANGED.

**Peoria (Ill.) Man Attempts to Murder His Family.**

Peoria, Ill., June 12.—During the great storm Joseph Baker shot and instantly killed his stepson, Martin Christopher, twenty-two years of age, badly wounded his other stepson, Webster Christopher, eight years of age, and would probably have killed his wife had she not succeeded in getting away from him. Baker was arrested and held to the grand jury without bail. It is thought possible that Baker became suddenly deranged.

## Commandant Kemp Surrenders.

Mafeking, Bechuanaland, June 12.—Commandant Kemp, General Delarey's trusty lieutenant, has surrendered here. He looks worn and has aged considerably. He said his command, consisting of 1,900 men, surrendered at Doornkop, June 6. A few men were still out, but they were coming in at once. He had been adverse to yielding, but recognized the opinion of the majority.

## Wisconsin College Graduates Drowned.

Madison, Wis., June 12.—George L. Lohr of Milwaukee and Miss Ada L. Hawley of Madison, both members of the graduating class of the state university, were drowned while boating on Lake Mendota. When about a mile from shore their boat capsized, throwing them into the water. They called loudly for help, but went down before rescuers could reach them.

## Weather.

Thunder showers tonight and Friday. Cooler.

The attempt to abolish the small beer barrel or keg is not popular with the beer drinking public.

The conviction of Gardner, the Minneapolis hoodler, is a credit to the city but not to the city administration.

NEVER in the history of the republican party in the state was the public sentiment more of one mind regarding the choice of a candidate for governor and nine-tenths of the counties will instruct their delegations to vote for Van Sant at the coming convention.

THE Minneapolis Tribune does not want Jacobson to have the Hennepin delegation on the platform of making Minneapolis pay all the state taxes. If it was possible for the Lac qui Parle statesman to do this the balance of the counties in the state might be induced to form a merger and give "Jake" the nomination for state auditor.

EDITOR VASALY, of the Little Falls Herald, says that "the republican senatorial candidate will require republicans of the highest standing, personal and political, on the ticket in order to boost him through." The republican candidate for senator will in all probability be A. F. Ferris of Brainerd, who is serving his fourth term from this district. Editor Vasaly finds frequent occasion to question the political strength and official career of Mr. Ferris. The insinuation that Ferris is weak as a candidate is not sustained by election returns for the past four campaigns—nor will it be confirmed by the result this fall. Four years ago the democrats of this district, influenced largely by Mr. Vasaly, bartered away a chance to obtain the senatorship, influenced partly, no doubt by the hope that the republicans would be permanently split into factions. Then the democrats were to take what they chose. But however pleasing that prospect was to certain democratic leaders, their plans have utterly failed. The republicans of Morrison and Crow Wing counties are united and harmonious, and the party's choice for state senator will receive during the campaign and at the polls the loyal and effective support of the republicans of both counties. Ferris is not a drag on the ticket and his name will do much to boost it. The experience of his opponent will endorse this later—Little Falls Transcript.

## MUSIC AND DRAMA.

## RICHARDS &amp; PRINGLES' MINSTRELS.

"Every season something new" seems to be the motto of Richards & Pringles' big minstrel aggregation that appears at the Brainerd Opera House on Wednesday evening, June 18th.

This season it has grown to mammoth proportions and presents a bill of features never equalled by any similar organization in America.

Bright, brisk novelty runs through the program and the big varied acts are so cleverly blended and strung together that it forms a most enjoyable evening's entertainment. Fifty popular colored minstrel and vaudeville entertainers are included in its roster, among whom are: Kid Langford, Dick Thomas and James Moore the cleverest of end-men; the Alabama quartette; the Houseley Brothers; the big novelty act, "The Black Watch Drill"; Shields the king of aerialists; a strikingly novel and elaborate first part setting entitled "The Realm of the Mikado," introducing the entire company in brilliant Japanese costumes, and is a decided innovation in minstrelsy.

Watch for the attractive street parade, that takes place every day at 2:30 p. m. See the elegant imported English dog-carts, drawn by Kentucky thoroughbred horses. Hear the two brass bands, especially carried by the company for their magnificent street parade.

## AFFAIR AT MOTLEY IS DISGUSTING.

Gang of Young Men Brutally Assault an Italian Pedler Woman at Depot

## THE WHOLE GANG IS ARRESTED

Night Operator at the Motley Station was Mixed in the Deal with Others.

One of the most disgusting affairs that has been chronicled for some time is reported from Motley. Night before last a poor lone old Italian woman was waiting in the depot for a train to bring her to Brainerd. She has been traveling over the country for some time with her old pack on her back, and was naturally, tired. She cuddled up in a corner and fell asleep. It is claimed that the night operator in the depot, the telegraph operator in the sand pit, and N. Francisco, and John Rovey went after her, slugged her in the face, took all the money she had away from her, some \$86, and then to add to the horror of the affair, committed criminal assault upon her.

They have all been arrested and are waiting a hearing.

## L. H. STALLMAN IS NEXT PRESIDENT

Elected for the Head of State Firemen's Association at New Ulm This Morning.

### CONVENTION HERE NEXT YEAR.

Stallman is One of Brainerd's Oldest Firemen and Deserved Some Recognition.

Word was received in the city this afternoon by Street Commissioner Weitzel bringing the information that L. H. Stallman, of this city, had been elected president of the state firemen's association. Mr. Stallman was first vice president, but it is understood that there was some opposition to his candidacy for first place.

Mr. Stallman has been a fireman in this city for a number of years and it is a deserving recognition of his worth. He has many friends in this city who will extend congratulations.

The election of president means that the tournament during his tenure of office goes to the town where he lives, so that next year Brainerd is in line for the convention and tournament.

### Civil Service Examination.

A civil service examination will be held in this city on Saturday, June 14, at 9 a. m., in the rooms formerly occupied by the business college in the Columbian block, for the positions of clerk and carrier in the post-office service. The nature of the examination is a test of practical, general intelligence and of adaptability in postoffice work. The age limitations for this examination are 18 to 45 years, and all must pass a satisfactory medical examination, and male applicants must be at least 5 feet 4 inches high and weigh not less than 125 pounds, the examination being held to secure eligibles for appointment to existing or future vacancies in the grade of substitute. The examination is open to all citizens of the United States who comply with the requirements and competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules. All applications must be filed with the secretary of the local board at the postoffice not later than Friday evening, June 13. The gentlemen who will conduct the examination on the above date are Geo. W. Grewcox, W. A. Spencer and John Thompson.

## THE ALUMNI BANQUET.

Largely Attended and the Program was Very Interesting—Menu was Enjoyed

Last night the Brainerd Alumni Association gave their annual banquet at Elks hall in honor of the graduating class of the high school this year. The program prepared, as well as the menu, was excellent and was heartily enjoyed by the many guests present. Mrs. J. P. Early was toastmistress and the place seemed to be rightly filled. Graham's orchestra furnished the music for the evening and after an overture by the orchestra, Prof. Hartley delivered the welcome address. The response was made by Mrs. J. P. Early. Miss Lizzie Somers responded to the toast, "Anticipation" some interesting facts and fancies were given. A quartette consisting of Messrs Eugene, Fred and Frank McCarthy and Walter Daohst rendered some excellent music. Rev. D. W. Lynch responded in a happy manner to the toast "The Trend of Events." J. J. Nolan spoke of the "Relations of High School Alumni to the State." Prof. Hanft, than whom there is none better posted on the subject, spoke of "The High School." "Work for the Alumni to Do" was the toast assigned to W. A. Spencer. Judge S. F. Alderman, as usual, was in excellent voice and rendered "Without Thee." Miss Grace E. Barker responded to the very appropriate toast, "The Influence of Music." Prof. J. A. Wilson spoke of the "Common Schools." Judge Fleming was in a happy mood last night and responded to the toast, "Minnesota University." "School Life" was the toast assigned to Clara Mabel Early. Col. C. D. Johnson had his funny clothes on last night and responded to the toast, "Something, Nothing, Anything." W. S. Cox responded to the toast, "The Sweet Girl Graduate."

### No Old Building & Loan Plan About it

I frequently hear that some people hesitate to accept my offer of easy terms on homes fearing that it is the old exploded, unsafe and uncertain Building & Loan plan and some who ought to know better, and would if they took the trouble to examine, assert the same thing. My plan is no more like the old plan, than day is like night, or than a lumberjack is like the Angel Gabriel, or Hell Gate is like the Pool of Siloam, or a frog is like a jack rabbit, or a turkey buzzard is like the American Eagle. I have sixty-five customers in Brainerd, some of the best business men in the city who have borrowed money and bought homes, running from \$300 to \$2,000 who understand their business. All contracts are definite and certain. You can take small payments, running from two to 12 years or pay any time after two years, in full or in part, as you can afford. All payments on the principal cease to draw interest. No terms so favorable were ever offered to those who want to own a home and stop the constant drain and loss of their rent money. Particulars on request. Office open day and evenings. Mail inquiries answered.

### WEST POINT CENTENNIAL.

President Roosevelt the Chief Guest at a Big Celebration.

West Point, N. Y., June 12.—The celebration of the 100th anniversary of the establishment of the West Point military academy reached its climax during the day. President Roosevelt was the chief guest and there was a brilliant crowd, including army and navy officers, cabinet officers, ladies in bright costumes and handsomely uniformed diplomats.

The day's activity began with the arrival of the president, then came the review of the cadets, a reception at the home of the superintendent of the academy, Colonel Mills, the formal exercises and speeches in Memorial hall after luncheon and the dress parade at sundown. The "centennial" banquet, with more than 500 guests, was held in the evening.

### LUMBER RATE REDUCTION.

Northwestern Railway Officials and Lumber Merchants Confer.

Chicago, June 12.—As the result of an extended conference between traffic officials of the Northwestern railroad lines and the lumber merchants of Duluth and Minneapolis, held in Chicago, it is probable that an agreement on a reduction of rates on lumber from these points to Chicago will be reached. The railroad officials are satisfied to make the Minneapolis differential 2 cents a hundred pounds under the Duluth rate. There is some difference among the lumbermen, however, on this point, and the matter was left with the latter to settle. As it now stands, if the lumbermen can agree to the rates proposed the railroads are ready to put them in. There was some contention for lower rates than this on the part of the Minneapolis men.

## REV. W. J. BROWN HIS OWN SUCCESSOR

Officers of the Central District Y. P. S. C. E. Elected This Morning.

### SESSIONS STILL INTERESTING.

Reports from Societies Indicate There Has Been a Very Healthy Growth.

The sessions of the Central District Y. P. S. C. E. still continue to be very interesting. Yesterday afternoon there were exercises by the Brainerd juniors which were greatly enjoyed. Miss Stella Page read a paper on "Early Culture in the Christian Life" and the afternoon's session was closed by a paper by Rev. W. S. Medler, on "Christian Endeavor as a Broadening Factor in the Onward Movement of God's Kingdom."

Last evening's session was a very interesting one. Rev. M. L. Hutton gave an address on "Christian Young Manhood; the need of it," and Rev. W. A. C. Waller gave an address on "Christian Young Manhood; the Value of it."

The following officers were elected: President—Rev. W. J. Brown, Glenwood.

Secretary—Mrs. C. W. Horton, Starbuck.

Treasurer—Walter Gray, Sauk Centre.

Junior Supt.—Mrs. J. Q. Hook, Glenwood.

This evening State Secretary Norton will address the meeting and there should be a large attendance. He is a good speaker and his address will be greatly enjoyed.

### Neighborhood Gossip.

Fargo will celebrate on the Fourth. The average attendance of pupils at the Fargo schools last year was 2,000.

The corner stone of Crookston's new hospital, the St. Vincent, has been laid.

The twentieth annual convention of the State Federation of Labor is being held at Rochester.

Wm. Noack, a prominent farmer of Lyndon, Stearns county, fell off a barn roof and was killed.

St. Cloud is making great preparations for the G. A. R. encampment at that place June 24 to 26.

J. G. Naughton, a West Superior county commissioner, has pleaded guilty to receiving money under false pretenses.

Judge McClenahan has thrown out of court the election contest against Beltrami county. The action was brought by Shevlin people who desire to postpone the building of a \$50,000 court house in Bemidji, voted at the recent election.

The car shops that the Northern Pacific road is building in its yards at Rice's point, Duluth, are now practically completed. The shops or any of the buildings that have been erected recently will not be used in all probability until the leveling of the yards is accomplished by the aid of the hydraulic dredge that is deepening the slip spaces along the Rice's point and raising the yard grade at the same time.

The terrific electric, wind, hail and rain storm that passed over the southwestern portion of the White Earth reservation Monday evening left death and destruction in its wake. Reports from the southern part of the reservation are to the effect that the fury of the storm was terrific, sweeping through portions of Walworth and Atlantic townships. Houses and barns were torn down, crops destroyed. Fifteen persons are reported killed.

In the United States court at Fargo the damage case of Allen Blood vs. Chief of Police Murphy, of Moorhead, is on trial. The plaintiff sues for \$5,000. He asserts he was in Moorhead one night when there was a fight, after which the principals were arrested and he was charged with being in the deal. On resisting the officer he declares Murphy struck him with a club, took him to jail, refused him medical attendance, and paid a part of his fine next morning when he was arraigned on a charge of drunkenness. Blood avers he was incapacitated for nearly eight weeks and had two physicians attending him the greater part of the time.

### A FRIEND'S ADVICE

Will Often Help You Greatly. Read What a Brainerd Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Brainerd is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mrs. N. G. Blake, of West Brainerd says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, was lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine.

I found, however, that they were mild in their operations and did not produce any bad effects. Before taking them very long the kidney secretions became healthy in color, all deposit was removed, and the soreness and pain were replaced by a perfectly comfortable feeling."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

## Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

## QUAY IS VICTORIOUS

IS CHOSEN CHAIRMAN OF THE  
PENNSYLVANIA REPUBLICAN  
COMMITTEE.

## HIS MAN HEADS THE TICKET

State Convention Nominates Judge  
Pennypacker, a Quay Man, for Chief  
Executive—Platform Endorses Na-  
tional Administration, Condemns  
Trusts and Approves the Course  
Taken Against the Beef Combine.

Harrisburg, Pa., June 12.—Judge  
Samuel W. Pennypacker of Philadel-  
phia was nominated for governor over  
Attorney General John P. Elkin of In-  
diana, by the Republican state conven-  
tion by a vote of 208 to 152.

Ex-State Senator William M. Brown  
of Newcastle and Major Isaac B.  
Brown of Erie were nominated by ac-  
clamation for lieutenant governor and  
secretary of the internal affairs, re-  
spectively. Senator Quay was unani-  
mously chosen chairman of the Re-  
publican state committee by a suspen-  
sion of the rule requiring the state  
chairman to be chosen by the nomi-  
nees and the presiding officers of the  
convention, and he will conduct the  
campaign for the state ticket.

The platform endorses the adminis-  
tration of President Roosevelt; reaf-  
firms loyalty to the principles of pro-  
tection tariff; declares for pure and  
honest ballot reform; condemns  
trusts; approves the action of the pre-  
sident and attorney general in pro-  
ceeding against the beef trust, and  
makes no mention of the state adminis-  
tration.

Pennypacker's nomination is a per-  
sonal victory for Senator Quay. Elkin  
was formerly one of Quay's chief lieuten-  
ants and when he became a candidate  
it was thought he was the senator's  
choice. After the delegates  
friendly to Elkin were elected in sev-  
eral counties, Quay advised against  
the attorney general's candidacy in the  
interest of party harmony. Elkin de-  
clined to withdraw.

## Pennypacker Backed by Quay.

Quay then made a public declara-  
tion against his candidacy and when  
Pennypacker was suggested for the  
nomination the senator tacitly en-  
dorsed him. Elkin was backed by Gov-  
ernor Stone and other members of the  
state administration. Quay assumed  
direction of Pennypacker's campaign  
and from the start predicted Elkin  
would not be nominated. The senator  
came here on Saturday with Senator  
Penrose and Insurance Commissioner  
Durham and opened headquarters for  
Pennypacker in his private residence.  
Elkin and his lieutenants were also on  
the ground early and until the strength  
of the rival candidates was revealed  
at a caucus, it was conceded that the  
contest was very close.

The Watres and Pennypacker dele-  
gates held a joint caucus in which the  
leaders claimed 206 of the 358 dele-  
gates in the convention. The Elkin-  
ites declared that the count was in-  
correct and at midnight issued a state-  
ment predicting the attorney general's  
nomination. Quay, Penrose, Durham  
and Elkin were delegates and directed  
their forces on the floor of the conven-  
tion.

Elkin made a speech against the re-  
port of the committee on contests un-  
seating his delegates in two districts.  
The committee was sustained, how-  
ever, the clerks announcing the vote  
to be 196 to 159. Elkin pledged his  
support to the ticket in his speech,  
but his adherents omitted to offer the  
customary motion that his opponent's  
nomination be made unanimous.

## CO-EDUCATION DOOMED.

Said It Will Be Abolished by the Uni-  
versity of Chicago.

Chicago, June 12.—The Chronicle  
says: Co-education at the University  
of Chicago is doomed. A majority of  
both the faculty and board of trustees  
of the institution have secretly taken  
a stand against the long threatened  
co-educational feature, and Saturday  
is the day set for official action. A  
promised gift of \$1,500,000 by an in-  
dividual opposed to co-education is to  
influence the decision.

The gift and its secret donor are en-  
forcing the question at this time. The  
donor is so anxious for the separation  
of the students in the junior college  
that he promises the sum for the es-  
tablishment of two new quadrangles,  
one for the men and another for the  
women.

## Wisconsin G. A. R. Encampment.

Stevens Point, Wis., June 12.—The  
annual encampment of the Wisconsin  
department, G. A. R., convened dur-  
ing the day. The feature of the first  
day was the address of Department  
Commander De Groff. The present  
membership is 9,447, showing a net  
loss of 69 members. A resolution con-  
demning the use of inscriptions of any  
kind on the national flag carried by  
Grand Army posts was unanimously  
adopted. La Crosse appears to be in  
the lead for the next convention.

## Escaped Convicts Surrounded.

Salem, Ore., June 12.—Tracey and  
Merrill, the convicts who escaped from  
the Oregon penitentiary Monday after  
killing three guards, have been sur-  
rounded in a tract of timber, probably  
200 acres in extent, one mile east of  
Gervais, Marion county. Two compan-  
ies of the national guard and about  
100 citizens, all heavily armed, sur-  
round the timber and the escape of  
the convicts now seems impossible.

## Maine Republicans Nominate.

Portland, Me., June 12.—Governor  
John F. Hill was renominated for a  
second term by the Republican state  
convention. Amos L. Allen was also  
renominated for congress from the  
first district. An interesting feature  
of the convention was the presence of  
Secretary of the Treasury Leslie M.  
Shaw who delivered the principal ad-  
dress.

## CHINESE INDEMNITY PROBLEM.

Depreciation of Silver May Be the  
Cause of Serious Trouble.

Washington, June 12.—Up to the  
present moment the United States gov-  
ernment has not been able to induce  
a single one of the powers signing the  
treaty of Paris to accept its views as to  
the exchange value of the amount of  
indemnity to be paid by China. Ever  
since the treaty was signed silver has  
been dropping in price. The Chinese  
government contends that the indemn-  
ity payments are to be made upon the  
basis of exchange at the date of signa-  
ture of the treaty, and in this con-  
tention the United States joins. The  
effect of the depreciation of silver and  
the increase of the rate of exchange,  
if the Chinese contention is denied,  
would be to practically increase by  
many millions the actual amount of the  
indemnity to be paid by the Chinese,  
and it is feared here that if the at-  
tempt is made to insist upon the pre-  
sent exchange rates, China will be  
taxed beyond her ability to bear, and  
there will be international troubles far  
more grave than the Boxer uprising.

## SCALE DOWN THEIR CLAIMS.

Foreign Ministers at Peking Agree to  
the American Proposition.

Washington, June 12.—A cablegram  
received by Secretary Hay from United  
States Minister Conger at Peking con-  
firms the reported acceptance by the  
resident foreign ministers there of the  
general proposition of the United  
States government for a pro rata scal-  
ing down of the claims of the various  
nations for indemnity on account of  
the Boxer uprising. It is understood,  
however, that England and Japan do  
not share in the reduction, for their  
accounts clearly establish the fact that  
their legitimate and actual ex-  
penses were even more than their in-  
demnity claims, while the other na-  
tions party to the agreement had made  
themselves rather liberal allowances  
in fixing the total of their claims.

## No News of the Missing Soldiers.

Manila, June 12.—No news has been  
received yet of the sergeant, two cor-  
porals and four privates of the Fourth  
cavalry who were captured May 30 by  
ladrones at Binangonan, Rizal prov-  
ince, this island, while decorating the  
graves of American soldiers, and fears  
are entertained for their safety.  
Troops are scouring the province in  
search of the ladrones.

## Six Workmen Injured.

St. Louis, June 12.—In the collapse  
of the building at the southeast corner  
of Nineteenth and Pine streets, for-  
merly Clark's natatorium, which was  
being razed by wreckers, six workmen  
were injured, one probably fatally. Six  
other men had narrow escapes.

## First Snow in Sixteen Years.

Middleburg, Cape Colony, June 12.—  
A heavy snow fell here for the first  
time in sixteen years. The railroads  
are blocked and many telegraph lines  
are down.

## TELEGRAPHIC BREVITIES.

## NAVAL BILL IS PASSED

MEASURE CARRYING SEVENTY  
EIGHT MILLIONS APPROVED  
BY THE SENATE.

## FOR THE NICARAGUA ROUTE

Mr. Turner Delivers an Extended Ar-  
gument in Favor of the Longer Ca-  
nal—House Defeats the Bill to  
Transfer Forest Reserves to Agricul-  
tural Department and Considers  
Building a Pacific Cable.

Washington, June 11.—Another of  
the big supply bills of the government  
was disposed of by the senate during  
the day, the naval bill, carrying more  
than \$78,000,000, being passed. It in-  
cludes provisions for two first class  
battleships, two first class armored  
cruisers and two gunboats, but strikes  
out the house provision that one of  
each shall be built at government  
yards.

When consideration was resumed of  
the isthmian canal question, Mr. Tur-  
ner delivered an extended argument in  
support of the Nicaragua route. He  
maintained that the new Panama com-  
pany could not pass a clear title to the  
Panama Canal company's rights, fran-  
chises and property to the United  
States and if this government pur-  
chased it it would be with all of its  
encumbrances.

"The Panama derelict," he said, had  
disadvantages which were overwhelm-  
ing and insuperable, while the Nic-  
aragua canal presented no difficulties  
that could not be overcome with com-  
parative ease."

Mr. Turner urged that there were no  
diplomatic, legal or equitable difficul-  
ties in the way of construction of the  
Nicaragua canal.

## KILLED BY THE HOUSE.

Measure to Transfer Certain Forest  
Reserves Defeated.

Washington, June 11.—The house  
defeated the bill to transfer certain  
forest reserves to the agricultural de-  
partment and to authorize the presi-  
dent to establish game and fish re-  
serves. Its death was accomplished  
by striking out the enacting clause.  
The motion was made by Mr. Cannon  
and was carried by 109 to 70. He  
claimed that the bill would greatly in-  
crease the cost of administering for-  
est reserves and declared that the es-  
timated receipts of the next fiscal year  
already were exceeded by the appro-  
priations up to the present time by  
over \$51,000,000.

The house then adopted a special  
order for the consideration of the Cor-  
liss Pacific cable bill by a vote of 108  
to 73, and for the remainder of the af-  
ternoon listened to the author of the  
measure argue in favor of its passage.

Mr. Dalzell (Pa.), who introduced  
the rule, announced that he was op-  
posed to the government building a  
cable to the Philippines. He said he  
favored the construction of an Ameri-  
can cable by American capital, and  
gave notice that at the proper time he  
would offer a substitute bill to au-  
thorize the president to contract for the  
construction of a cable under certain  
conditions.

The minority of the commerce com-  
mittee oppose the Corliss bill on the  
ground that the Commercial Pacific  
company is now at work building a ca-  
ble which is to be laid by 1905.

## VICTIMS OF THE MAINE.

Secretary Moody's Recommendations  
Regarding Bill for Their Relief.

Washington, June 11.—Secretary  
Moody addressed a letter to the chair-  
man of the house committee on war  
claims embodying his recommenda-  
tions in regard to the bill now pending  
in the house to provide relief for per-  
sonal injuries suffered through the de-  
struction of the battleship Maine in  
Havana harbor. In March the Span-  
ish claims rendered an opinion that the  
claims of the famous Maine victims  
were merged in the national claim  
against Spain and could not be re-  
garded as the claims of individuals.

Secretary Moody says that in case  
congress decides to recognize the  
claims of those lost on the Maine the  
relief should be afforded in the shape  
of a direct appropriation, which course  
would do away with the expenses of  
litigation to the claimant.

## MANILA STRIKE SPREADS.

Leader Becomes Frightened at Con-  
ditions and Resigns.

Manila, June 11.—The strikes here  
are growing general. The printers,  
the butchers, the tobaccoists, the  
hemp workers and the carriage mak-  
ers, estimated in all to number over  
7,000 men, are out. Isabella de los  
Reyes, who organized the strike move-  
ment, has become frightened at the  
conditions which have resulted from  
his efforts and has resigned the leader-  
ship. A dummy leader has been ap-  
pointed in his stead, but the strikers  
admit that de los Reyes still issues all  
orders.

The majority of the strikers tell  
their employers that they are satisfied  
with their present wages, which are  
today three times higher than they  
were before the Americans came to  
the islands, but that they must obey  
orders, as otherwise they will be  
killed.

## TO REVOKE THEIR LICENSES.

Great Lakes Towing Company Files  
Charges Against Striking Tugmen.

Duluth, June 10.—Formal charges  
have been filed before the local steam-  
boat inspectors in the case against the  
striking licensed tugmen in which the  
Great Lakes Towing company seeks  
to have their licenses revoked. In the  
charges the tugmen are character-  
ized as a "hindrance to commerce."

In addition four men are cited to ap-  
pear and answer a set of questions  
sent here from Buffalo, their answer  
to be part of the testimony in the in-  
vestigation begun in the city a few

## ARE GOING TO WIN.

President Mitchell's Views of the An-  
thracite Miners' Strike.

Wilkesbarre, Pa., June 12.—"Well,  
gentlemen, the anthracite strike is  
complete and we are going to win."

This emphatic statement was made  
to the assembled newspaper corre-  
spondents by President Mitchell in his  
office at strike headquarters. Asked  
what he had to say regarding the cor-  
respondence between himself and the  
president of the coal carrying railroads,  
which control more than 80 per cent  
of the anthracite mines, he said:

"I have nothing to say now. We ask  
no better presentation of our case  
than the operators' statement makes  
for us."

With reference to the soft coal  
strike in West Virginia, the national  
labor leader had this to say:

"At present there are 25,000 mine  
workers on strike in the West Vir-  
ginia field. Reports from Virginia,  
where there are 3,600 mine workers,  
are incomplete, and I, therefore, can-  
not say anything as to the situation  
in that state. I think we will win that  
strike, too. The suspension of work  
in West Virginia will cut off a large  
amount of coal that is shipped to the  
Atlantic seaboard, but there is no con-  
nection between the anthracite strike  
here and the bituminous suspension  
there. I received word from West  
Virginia that National Board Member  
William Morgan and Organizers Hag-  
gerty, McKay, Springer, Noon, Pog-  
gannini and Edwards were arrested in  
Fairmount for alleged violation of an  
injunction granted the operators. I  
don't know the exact purport of the in-  
junction, but I believe the arrests were  
made on the strength of an injunction  
granted in 1897. I have wired to em-  
ploy counsel and give bond and have  
the injunction dissolved."

With the exception of the gathering  
of a crowd at the William A. colliery  
of the Lehigh Valley Coal company at  
Durvye, the entire Wyoming valley  
was very quiet during the day. The  
operators and mining superintendents  
who consented to talk said there was  
no change in the situation as far as  
they were concerned. They expressed  
themselves as being satisfied with the  
progress of affairs.

## Eczema

COMES FROM THE BLOOD AND NOT  
FROM THE SKIN

The prevalence of Eczema among the  
young and old is due to the introduction  
of poisonous matter in the blood. Those  
pimples, eruptions and sores upon the face,  
neck and body are all due to the same cause. It  
is a waste of time and money to attempt to  
cure such a condition by doctoring the skin.  
The seat of the trouble is in the blood and  
the cause is the blood's impurity. A specific  
course of MEDERINE will open the natural  
channels of the system and promote a drain-  
age of the impurities of the blood, which  
will filter, cleanse and purify it so that no  
form of eruption upon the skin can appear.  
MEDERINE is the only Guaranteed Cure for  
Eczema and all blood impurities. It stands  
alone today upon its own merits and chal-  
lenges the world for a specific blood purifier  
like it. Do not nurse your trouble along.
